

Balboa Park Rose Garden Inventory
June 12, 2010

Roses are listed by beds conforming to labels placed on beds in the garden. In the circular beds, labeling proceeds from the outside ring identified by the letter "o" followed by the middle ring "m" and the inside ring "i." Other beds such as S-1 will be listed left to right or, as appropriate, west to east or south to north. The beds along the Florida Canyon side of the rose garden, namely N-11, N-12, M-1, and S-3 will be labeled from north to south. In each case the number of plants of each variety will be labeled in parentheses () following the name and location of the collection.
